Winning images

## The Apache CLIP AWARD

Daniel Stephen Miller  
*Small Mountain (from The Green Album)*  
10.5x14.8cm (NFS)

*Greetings from Small Mountain, an illusory place of convergence between the built and the grown. Here, as in all of The Green Album, the photographed landscape is a surface upon which our ideas about the environment may be projected, or tested.*

## The Fitzgerald Photo Imaging Student Prize

Joanne Yong

*Three*

60x60cm

(\$300)

*Three is part of a series exploring the identities of lived spaces and their relationship to the natural landscape.*

## The Judges Commendation Prize

Kristian Haggblom  
*Kings Canyon*  
50x60cm  
(\$850)

*Landscape as a cultural construct is nature for the taking; to be tamed, framed and contained for human consumption. The series Suomi was made during a mid-winter residency in Finland. This project extends my photographic research into globalised tourist landscapes.*
